

COVID-19 Emergency Support Framework

Engagement and support call Summary Record

Trees Park (Kenyon) Limited

Location / Core Service address	Date
Kenyon Lodge 99 Manchester Road West Little Hulton, M38 9DX Manchester	28/05/2020

Dear Kenyon Lodge,

The Care Quality Commission is not routinely inspecting services during the COVID-19 pandemic. We are maintaining contact with providers through existing monitoring arrangements and engagement and support calls covering four assessment areas:

- Safe Care and Treatment
- Staffing arrangements
- Protection from Abuse
- Assurance Processes, Monitoring and Risk Management

This Summary Record outlines what we found during the engagement and support call shown above, using standard sentences and an overall summary.

We have assessed that you are managing the impact of the COVID-19 pandemic at the above service. The overall summary includes information about the internal and external stresses you are currently experiencing, how they are being managed, and sources of support that are available.

Emergency Support Framework calls and other monitoring activity are not inspections. Summary Records are not inspection reports. Summary Records are not published on our website.

Assessment Area 1

Safe care and treatment

1.1 Had risks related to infection prevention and control, including in relation to COVID-19, been assessed and managed?

Yes There were systems to assess and respond to risks regarding infection prevention and control, including those associated with COVID-19.

1.2 Were there sufficient quantities of the right equipment to help the provider manage the impact of COVID-19?

Yes Essential equipment, such as personal protective equipment, was available in sufficient quantities to help you manage the impact of COVID-19.

1.3 Was the environment suitable to containing an outbreak?

Yes You had taken steps to ensure the environment was as effective as possible in containing an outbreak of COVID-19.

Yes Staff were able to raise concerns and were supported to speak up during the pandemic.

4.4 Had care and treatment provided to people being sufficiently recorded during the Covid-19 pandemic?

Yes Care and treatment provided to people is being sufficiently recorded during the Covid-19 pandemic.

4.5 Had the provider been able to work effectively with system partners when care and treatment is commissioned, shared or transferred?

Yes Working arrangements and information sharing with system partners during the Covid-19 pandemic are effective.

Overall summary

From our discussion and other information about this location, we assess that you are managing the impact of the COVID-19 pandemic. Getting hold of PPE has not generally been difficult, and the provider has worked hard to find supplies from various sources. You were not generally concerned about hospital discharge arrangements. Staffing levels were initially affected by care staff self-isolating but

staffing levels have now recovered and only one staff member is not available. The staff team have come together and are supporting each other well. You knew how to book Covid-19 tests and all staff and residents had been tested. You regularly reassure staff that you take their safety very seriously and, that if staff have concerns they are welcome to talk to you. There is a new support app for social care workers that they can use to get additional personal support and this is available to staff. You had encouraged anyone with symptoms to self-isolate in their rooms. Staff have supported people to make video calls to family and friends, and families have joined in on conference calls with the home to ask questions and receive updates on the action you have taken to date in relation to Covid-19. There has not been any disruption to medicines supplies. Staff had raised money for a memorial garden and a memorial ceremony for those who have passed away due to Covid-19 is being considered at an appropriate time in the future.
